

The Minute To Win It Cocktail Challenge team build is a fantastic alternative to physical team building and a sure way to get the party started.

A low impact challenging event based on the popular TV series of the same name. Hilarious tasks await contestants as they compete head to head for their team.

THE ACTIVITIES INCLUDE:

- Face the Cookie
- Bobble Head
- Bottoms Up
- Giant Pictionary
- Rapid Fire
- Tilt-a-Cup
- Baby Blockin'
- CD Dominos
- Caddy Stack
- A Bit Dicey
- Movin' On Up

HOW IT WORKS

A stage is set up for the event and teams face off as they watch the show unfold before them. The set-up is entirely professional with audio visual support including large screen blue-prints, music and countdown timer.

The first stage consists of groups competing directly across a series of classic 'Minute To Win It' puzzles and tasks. Team Members earn points as they attempt to complete seemingly simple but deceptively challenging activities in the allowed 1 minute time period.
